AUSTRALIAN PAEDIATRIC JOURNAL

INDEX TO VOLUME 13, 1977

AUSTRALIAN PAEDIATRIC ASSOCIATION

INDEX TO VOLUME 13

SUBJECT INDEX—VOLUME 13, 1977

A

Adolescent medicine, the challenge of: The adolescent in society, 1

Adrenal hyperplasia, virilizing congenital, the role of serum 17 alpha-hydroxy progesterone in the diagnosis of, 12

Amoebic liver abscess in a four-month-old infant, 53

Asthma, childhood, family anxieties in, 295

Asthma, childhood, the natural history of, through adolescence, 88

Attempted drowning as a form of non-accidental injury, 110

Autoimmune thyroiditis in a case of 18p- syndrome, 122

B

Book reviews, 63, 152, 249, 310

C

Carbamyl phosphate synthetase deficiency, neonatal death due to, 119

Case of hydrops foetalis due to foeto-maternal haemorrhage, 131

Challenge of adolescent medicine: The adolescent in society, 1

Changing concepts of the absence seizure: A review of the pathogenesis of petit mal epilepsy, 158

Comparative study of the diagnosis of respiratory virus infections by immunofluorescence and virus isolation in children, 282

Comparison of the heights of boys transported to Australia from England, Scotland and Ireland, c. 1840, with later British and Australian developments, 91

Computer assisted tomography in children, 39

Congenital heart disease, cyanotic platelet release abnormality and reduced prothrombin levels in children with, 17

Convulsive episodes, developmental assessment of children who had one or more, 182

Coronary risk-factor profile of 4 year olds: Blood pressure, serum lipids and skinfold thickness in normal children, 271

Cow's milk allergy as a cause of infantile colic: Immunofluorescent studies on jejunal mucosa, 276

Cystic fibrosis, salivary amylase in the parents of children with, 29

D

Developmental assessment of children who had one or more convulsive episodes, 182

Drowning, attempted, as a form of non-accidental injury, 110

Dysfunction, neutrophil phagocytic and bactericidal, induced by bilirubin, 287

Dysplasia, septo-optic, presenting in early infancy, 305

E

Ectopic thyroid, suprahyoid median, 49

18p- syndrome, autoimmune thyroiditis in a case of, 122

Expanded role of the school health nurse in paediatric screening, 44

Experience with group B beta-haemolytic streptococcal infection in a maternity hospital nursery, 163

F

Family anxieties in childhood asthma, 295

Family reactions in childhood acute lymphoblastic leukaemia in remission, 176

Fatal case of progressive vaccinia—clinical and pathological studies, 125

Foeto-maternal haemorrhage, a case of hydrops foetalis due to, 131

Follow-up study of 58 preschool children less than 1,500 grams birthweight, 265

G

Galactosaemia, impaired galactose tolerance in older patients with, 7

Giardia lamblia infestation in 154 children, 98

Group approach to the emotional needs of parents of leukaemic children, 290

H

Haematology of neonatal necrotizing enterocolitis, 193

Heights of boys transported to Australia from England, Scotland and Ireland, c. 1840, a comparison of, with later British and Australian developments, 91

Human growth—methods of approach, 77

Hyaline membrane disease, respiratory support in: Impact on mortality in babies over 1,000 grams, 33

Hydrops, foetalis, a case of, due to foeto-maternal haemorrhage, 131

Hyperbilirubinaemia, neonatal, the influence of gestational age and birth weight on the infant response to phototherapy for, 22

I

Immunofluorescence and virus isolation in children, a comparative study of the diagnosis of respiratory virus infections by, 282
Immunological investigation of children with recurrent infections, Supplement
Impaired galactose tolerance in older patients with galactosaemia, 7
Infantile colic, cow's milk allergy as a cause of: Immunofluorescent studies on jejunal mucosa, 276
Infection, neonatal, in a maternity hospital, 105
Infections, recurrent, immunological investigation of children with, Supplement
Influence of gestational age and birth weight on the infant response to phototherapy for neonatal hyperbilirubinaemia, 22
Investigation of the methods used by the Institute for the Achievement of Human Potential, 208

J

Jaundice, neonatal obstructive, management of, 71

L

Leukaemia, childhood acute lymphoblastic, in remission, family reactions in, 176
Leukaemic children, a group approach to the emotional needs of parents of, 290
Liver abscess, amoebic, in a four-month-old infant, 53

M

Management of neonatal obstructive jaundice, 71
MEDLARS Service, Australian, Recent literature on childhood nutrition, 309
Meningitis, neonatal meningococcal: Report of a case presenting in the nursery, 302
Mental subnormality and nasal papillomata: A new syndrome, 114

N

Nasal papillomata and mental subnormality: A new syndrome, 114
Natural history of childhood asthma through adolescence, 88
Necrotizing enterocolitis, neonatal, haematology of, 193
Necrotizing enterocolitis, neonatal, radiological manifestations, 200
Neonatal death due to carbamyl phosphate synthetase deficiency, 119
Neonatal infection in a maternity hospital, 105
Neonatal meningococcal meningitis: Report of a case presenting in the nursery, 302
Neonatal necrotizing enterocolitis, the haematology of, 193
Neonatal necrotizing enterocolitis: Radiological manifestations, 200
Neonatal obstructive jaundice, management of, 71
Neutrophil phagocytic and bactericidal dysfunction induced by bilirubin, 287
New syndrome: Mental subnormality and nasal papillomata, 114
N.H. & M.R.C. Report: Investigation of the methods used by the Institute for the Achievement of Human Potential, 208
Normal children, blood pressure, serum lipids and skinfold thickness in: A coronary risk-factor profile of 4 year olds, 271

O

Obese children and their families: A study of a discussion group, 170
Oligomeganephronia with covered anus in twins, 187

P

Paediatric screening, the expanded role of the school health nurse in, 44
Peptic ulcer in childhood, 299
Petit mal epilepsy, a review of the pathogenesis of: Changing concepts of the absence seizure, 158
Platelet release abnormality and reduced prothrombin levels in children with cyanotic congenital heart disease, 17
Preschool children less than 1,500 grams birthweight, a follow-up study of 58, 265
Proceedings: 22nd Annual Meeting of the Australian College of Paediatrics, 215
Paediatric Research Society of Australia, Symposium on Paediatric Nephrology, 56
Abstracts of papers presented at the 10th Annual Meeting, 135
Publications Received, 62, 151, 254, 315

R

Recent literature on childhood nutrition (Australian MEDLARS Service), 309
Red cell superoxide dismutase activity in the newborn, 25
Respiratory support in hyaline membrane disease: Impact on mortality in babies over 1,000 grams, 33
Respiratory virus infections in children: A comparative study of the diagnosis of, by immunofluorescence and virus isolation, 282
Role of serum 17 alpha-hydroxy progesterone in the diagnosis of virilizing congenital adrenal hyperplasia, 12

S

Salivary amylase in the parents of children with cystic fibrosis, 29
Septo-optic dysplasia presenting in early infancy, 305
Serum 17 alpha-hydroxy progesterone, the role of, in the diagnosis of virilizing congenital adrenal hyperplasia, 12
Short boys, stature prediction in, 261
Stature prediction in short boys, 261
Streptococcal infection, group B beta-haemolytic, experience with, in a maternity hospital nursery, 163
Suprahyoid median ectopic thyroid, 49

T

Thyroiditis, autoimmune, in a case of 18p- syndrome, 122
Tomography, computer assisted, in children, 39

V

Vaccinia, progressive, a fatal case of, clinical and pathological studies, 125

W

Wigton, Dr. Ronald, retiring Editor of the Medical Journal of Australia, a tribute to, 157
